+ SMS Multi-sports programs

Since the summer of 2004, our Easy Club and Junior Club programs have embodied excellence in children's activities. Carefully designed, they offer a unique immersion in a variety of outdoor activities within an exceptional natural environment. In the heart of the Crans-Montana high plateau, each child develops confidence, independence, and a taste for pushing their limits, all while enjoying an enriching experience alongside other children their age.

+ SMS Bike School

Since 2006, our cycling school has been a benchmark in Crans-Montana. Drawing on that extensive expertise, we guide clients across all types of terrain and disciplines. Whether you're a beginner or an experienced rider looking to improve, our programs are tailored to all ages and skill levels. This allows you to progress at your own pace in a stimulating environment. Our MTB Freeride and DH Performance classes are especially suited to passionate children for 2-wheels. Bikes and protections are also provided if needed.
